

Fresh Ideas Poster Competition

Judging will occur on April 8, 2025, 1:15-2:45 pm at the AL/MS Water Conference.

2025 Guidelines

Topics:

Topics may include wastewater topics such as collection system, treatment, septic systems etc. and water topics such as water collection and treatment, membrane filtration, operations, water reuse, etc. If the abstract is accepted, an example sample judge scoring sheet will be provided as a reference.

Poster Requirements:

Abstracts should be submitted for an approximate 5-minute presentation and Q&A in front of judges and an audience using a digital version of the poster. A physical poster (3x4 ft) will be displayed on the conference floor throughout the conference. The poster presentation should be organized to present a clear summary of the research finding, plans, or case study without the need for additional documentation. The poster should provide the reader project objectives, experimental methods, materials, results, conclusions, and broader impacts to the water or wastewater industry. The poster will be displayed within the conference floor throughout the conference.

Judging:

Applicants will get judging score sheet prior to conference via email.

Winner:

The first place winner will be awarded registration to the AWWA Annual Conference and Exhibition (ACE) and a travel stipend to compete in the ACE Fresh Ideas Poster Competition in Denver, CO, June 8-11, 2025.
